Further, renewal authority for the continued maintenance and use of the public ways herein described shall be applied for prior to the date of expiration of this ordinance.

SECTION 3. This ordinance is subject to amendment, modification or repeal, and permission and authority herein granted may be revoked by the Mayor, in his discretion, at any time without the consent of said grantee. 15.2-14. The powers conferred by this chapter are in addition and supplemental to, and the limitations imposed by this chapter shall not affect, the powers conferred by any law or any other ordinance. Projects may be acquired, purchased, constructed, reconstructed, improved, bettered, equipped, extended and financed, and bonds may be issued under this chapter for such purposes, notwithstanding that any law or any other ordinance may provide for the acquisition, purchase, construction, reconstruction, improvement, equipping, betterment, extension and financing of a like project, or the issuance of bonds for like purposes, and without regard to the requirements, restrictions, limitations or other provisions contained in any law or any other ordinance.

15.2-16. The provisions of this ordinance are severable and if any of its provisions or any sentence, clause or paragraph shall be held unconstitutional by any court of competent jurisdiction, the decision of such court shall not affect or impair any of the remaining provisions.

Section 2. This ordinance shall be effective upon its passage and approval.

C. APPLICATION AND INTERPRETATION OF THE EMPLOYEE BENEFIT AND COMPENSATION PLAN

(1) *Starting Rate on Initial Employment.*

Original appointments to any positions shall be made at the entrance rate of the salary range prescribed for the applicable class grade. In exceptional cases, upon recommendation by the department head and approval of the Director of Personnel, the Budget Director and the Chairman of the Committee on Finance of the City Council, original appointment may be made at a base rate above the normal entrance rate. Entrance above the base rate shall be based on the outstanding and unusual character of the applicants education, experience and training over and above the minimum qualifications specified for the class.

(2) *Starting Rate on Return to Duty.*

When an employee returns to duty in a position of the same class grade after a separation from the City service of not more than one calendar year, which separation was not due to discharge or resignation for cause, such employee shall receive the rate in the applicable salary range of the step corresponding to the step at which paid at the time of separation, and shall subsequently serve thereat for at least such additional period as required for advancement to the next higher step.

(3) *Starting Rate Following Promotion.*

When an employee is promoted from one position to a position in a higher class grade, except in Schedule E, such employee shall be paid at a rate that will provide an increase in salary of approximately five percent over the last salary paid, except that such employee shall be paid at least the entrance rate of the new position, even though this may produce an increase in excess of the aforementioned limitation. This action shall be effective on the first day of a pay period and shall not precede the receipt of the Personnel Action Report (CS14) at the Department of Personnel.

(4) *Starting Rate of Reclassification of Position.*

In the event that a position is reclassified from one class of positions to another class of positions in the same class grade, except in Schedule E the incumbent of such position when appointed to the new position by proper authority shall retain the salary he received in the former position.

In the event that the class grade for a class of positions is changed to a higher class grade by the appropriate authority, the incumbent of such position shall retain the rate of pay received in the former grade, and shall receive such rate of pay for such additional period as may be required for advancement to the next higher rate of pay, provided that such employees shall be paid at least the entrance rate for the new grade.

In the event that the class grade for a class of positions is changed to a lower class grade by the appropriate authority, the incumbents of such positions shall retain the salary received in the higher salary range.

(5) *Starting Rate on Appointment to a Position of a Lower Class Grade.*

In the event that an employee is appointed to a position of a lower class grade than that of his former position, such employee shall be paid at the same step in the lower class grade as he had been paid in the higher class grade, provided that when an employee receives a career service promotion to a position which is of a lower class grade than the position in which he is employed, the salary of said employee in the new position shall be based upon length of service in the position from which he is being promoted plus the length of service in the higher class grade position.

(6) *Anniversary Dates and Salary Schedule Advancement Following Salary Adjustment.*

After initial appointment to a classified position under the jurisdiction of the Department of Personnel or to a position in the exempt offices, the anniversary date for an employee for purposes of advancement within a salary range shall be adjusted to coincide with the date of any action which increases the pay of the employee. Such action may be in the form of pay advancement within a salary range, promotion, reclassification of the position or change of class grade of the position.

(7) *Limitation of Salary Adjustments.*

Personnel actions which result in increases in pay by means of advancement within a salary range, promotion, reclassification or position, or change of class grade or position shall be made as set forth herein, provided that no employee shall receive the benefit of more than two such actions in any calendar year, unless a supplemental action is recommended by the department head and is approved by the Director of Personnel, the Budget Director and the Chairman of the Committee on Finance of the City Council.

(8) *Accumulation of Service in One Class of Positions.*

Whenever an employee accepts work of the same or of a higher level under a different class of positions and later returns to his former same or lower position, his term of employment under such different class of positions shall apply on and be added to his term of service in the same or lower level class upon his return to same, for the purpose of determining the appropriate rate of pay within the range appropriate for the class; provided his employment in the City service has been continuous as hereinbefore defined.

(9) *Recommendations for Pay Advancement within a Salary Range.*

The department head concerned shall recommend in writing to the Director of Personnel the advance in salary of each employee whose performance merits a step increase and who, in addition has met the requirements for salary advancement within the range for the position in accordance with the service requirement specified in Section B dealing with the base salary schedules and longevity schedules. The recommendation should include a certification that the employee has at a minimum a performance rating that falls within the range characterized as "Good" as described in the Performance Rating Guide issued by the Department of Personnel.

The effective date of any advancement within the Compensation Plan shall be at the first day of the next pay period following the date advancement is recommended and authorized as provided herein and approved by the Department of Personnel or by the appointing authority for positions in the exempt offices.

D. PREVAILING RATE POSITIONS

A prevailing rate (PR) position is hereby defined as one for which the rate is established under acceptable evidence of the wage prevailing in industry. Such positions are usually craft, labor or trade positions, and are not paid under the provisions of the Compensation Plan.

In the event that the pay basis for a position is changed from a prevailing rate basis to a salary schedule in a class grade, the incumbent shall receive the lowest rate in the salary schedule that will not result in a decrease in salary. The Compensation Plan provisions shall thereafter govern.

In the event that an employee is appointed from a position paid on a prevailing rate basis to another position classified and paid under the Compensation Plan, such employee shall be given credit for the time served in the former position in determining the salary rate, provided that the duties performed in the new position shall be in the same line and character of work as the duties performed in the former position; further, that any increase in salary shall not exceed 5%, and provided further that the employee shall in no case receive less than the minimum rate of the salary range of the new position. Such request shall be submitted in the appropriate form.

CHICAGO, December 11, 1975.

To the President and Members of the City Council:

Your Committee on Cultural and Economic Development, having had under consideration a communication signed by Mr. Samuel A. Litchtmann, Chairman of the Chicago Commission on Historical and Architectural Landmarks (referred to Your Committee on November 29, 1974) to designate the Astor Street District as a Chicago Landmark, begs leave to recommend that Your Honorable Body pass the proposed ordinance, which is transmitted herewith.

This recommendation was concurred in by all members of the committee, with no dissenting vote.

Respectfully submitted,

(Signed) EDWIN P. FIFIELSKI,
Chairman.

The proposed ordinance transmitted with the foregoing committee report reads as follows:

WHEREAS, The Commission on Chicago Historical and Architectural Landmarks has determined that the area known as the Astor Street District, as hereafter described, is worthy of designation as a "Chicago Landmark," and accordingly has recommended its designation as such by the City Council; and

WHEREAS, The Commission has found that the Astor Street District meets the criteria for designation as set forth in Chapter 21, Section 21-64(b) of the Municipal Code of Chicago, namely:

Its character, interest or value as part of the development, heritage or cultural characteristics of the City of Chicago, State of Illinois, or the United States.

Its identification with a person or persons who significantly contributed to the culture and development of the City of Chicago.

Its exemplification of the cultural, economic, social or historic heritage of the City of Chicago. Its portrayal of the environment of a group of people in an era of history characterized by a distinctive architectural style.

Its embodiment of distinguishing characteristics of an architectural type or specimen.

Its identification as the work of an architect or master builder whose individual work has influenced the development of the City of Chicago.

Its relationship to other distinctive areas which are eligible for preservation according to a plan based on an historic, cultural or architectural motif.

Its unique location or singular physical characteristic representing an established and familiar visual feature of a neighborhood, community or the City of Chicago, and

WHEREAS, The Astor Street District contains many excellent examples of the architectural styles that were important during the late 19th and early 20th centuries and many persons significant in the history of Chicago made their homes along the street; and

WHEREAS, The Astor Street District is probably foremost of our few equivalents of Beacon Hill or Georgetown, is a virtual outdoor museum, is a visible reminder of the builders of Chicago and their architects working at a domestic scale and is irreplaceable and of national significance; and

WHEREAS, Astor Street has been the home of many people who contributed to the development of the City of Chicago, such as Potter Palmer, a major figure in the rebuilding of Chicago after the Great Fire in 1871; Joseph Medill, a former mayor of Chicago and editor of the Chicago Tribune, who built one of the most imposing residences on Astor Street as a wedding gift for his daughter and son-in-law, the Robert W. Pattersons; Cyrus Hall McCormick II; Joseph T. Ryerson; James Charnley; C. D. Peacock; Joseph T. Bowen; and William O. Goodman; and

WHEREAS, There are other streets of town houses in Chicago, but few collections of such distinction and such history, and if there is any area in this city which deserves, by reason of its history, its heritage, its cultural value, and its architectural value, to be preserved as a Chicago landmark, it is the Astor Street District, which has for so long been identified with the very best in Chicago; and

WHEREAS, Astor Street is a showcase of architectural styles, with a Prairie Style residence by Frank Lloyd Wright, a Georgian Revival mansion by Stanford White, Second Empire Building by David Adler, town houses by John Root, Renaissance Revival buildings by Stanford White, Richardsonian Revival by Cobb and Frost, and buildings by Joseph Silsbee; and

WHEREAS, The Commission has concluded that the Astor Street District is truly important to Chicago, and deserves to be preserved, protected, enhanced and perpetuated, and the Commissioner of Development and Planning of the City of Chicago and the City Council Committee on Cultural and Economic Development have concurred in the Commission's recommendation that the Astor Street District be designated as a Chicago Landmark; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. The area known as the Astor Street District, located within the City of Chicago and composed of the privately-owned and publicly-owned property along Astor Street from East North Boulevard on the north; the alley or property line first east of North Astor Street on the east; the alley first south of East Division Street on the south; and the alley or property line first west of North Astor Street on the west, and as further legally described in Appendix A attached to and made a part of this ordinance, is hereby designated as a "Chicago Landmark" in accordance with the provisions of Chapter 21, Section 21-64(f) of the Municipal Code of Chicago.

[Appendix "A" printed on page 1694 of this Journal]

SECTION 2. Notwithstanding Chapter 21, Section 21-64.1 of the Municipal Code of Chicago, no building permit application need be submitted to the Commission on Chicago Historical and Architectural Landmarks for any erection, construction, reconstruction or demolition which does not affect the exterior or exterior appearance of any structure or building within the Astor Street District.

SECTION 3. The Commission on Chicago Historical and Architectural Landmarks is hereby directed to create a suitable plaque appropriately identifying said landmark and to affix said plaque to the property designated as a Chicago Landmark in accordance with the provisions of Chapter 21, Section 21-64(f) of the Municipal Code of Chicago.

SECTION 4. The Commission on Chicago Historical and Architectural Landmarks is directed to comply with the provisions of Chapter 21, Section 21-64(g) of the Municipal Code of Chicago.

ELECTRICAL CONSTRUCTION CAPITAL ACCOUNT

The Electrical Construction Capital Account is established for the purpose of constructing, maintaining and repairing street lighting and other public electric facilities, and for the purpose of purchasing and maintaining a stock of material and supplies in connection therewith, the expense of which is to be reimbursed from appropriations of City funds, from funds of other governmental agencies or by private persons.

This account shall be maintained and used subject to the conditions and limitations of Sections 7-24.1 to 7-24.10 of the Municipal Code of Chicago and the conditions and limitations herein set forth.

Charges shall be based on the cost of furnishing construction labor, material and services, rented equipment, engineering labor and any applicable overhead including general and administrative overhead as determined by semi-annual, annual or other periodic rate studies initiated and/or approved by the Chairman of the Committee on Finance, City Comptroller and the Budget Director; further provided that charges for the use of trucks, compressors, mixers and other rolling and mechanical equipment shall be made on a unit rate per day or other unit as shall be determined by the Commissioner of Streets and Sanitation and approved by the Comptroller. Such unit rate or other basis of charge shall be determined and shall be adjusted from time to time on the basis of actual cost for furnishing the use of such equipment, which cost shall include expense incidental to the maintenance, housing and operation of such rolling and mechanical equipment and an appropriate charge for depreciation. The rates or other basis as determined from time to time shall be reported to the Committee on Finance of the City Council showing the various details included as parts of the total rate or other basis.

A reserve for depreciation shall be set up for all charges for depreciation included in the costs. Amounts equivalent to the periodic charges for depreciation shall be transferred from the general cash of the Electrical Construction Capital Account to a depreciation reserve fund and expended therefrom for the replacement of rolling and mechanical equipment.

With respect to the Properties and business of Seller being transferred hereunder, Seller is not a party to any written or oral (i) contract not made in the ordinary course of business, (ii) employment contract which is not terminable without cost or other liability to Seller, or any successor, upon notice of thirty (30) days or less, (iii) contract with any labor union, (iv) bonus, pension, profit-sharing, retirement, share purchase, hospitalization insurance or similar plan providing employee benefits, (v) lease with respect to any property, real or personal whether as lessor or lessee, (vi) advertising contract or contract for public relations services, (vii) contract for the purchase of materials, supplies or equipment which involves in the aggregate as to the same other party, executory obligations on the part of Seller in excess of $5,000, or (viii) contract continuing for a period of more than thirty (30) days or which is not terminable without cost or other liability to Seller or its successors, all except as listed on Exhibit D attached hereto and except for the Vehicle Purchase and Sale Agreement and such contracts as have been or will be fully performed prior to the Closing Date. With respect to each such contract, lease or other agreement listed on said Exhibit D, Seller has in all respects performed all obligations required to be performed by it to date thereunder and is not in default in any respect under any such contracts, except as specifically described on said Exhibit D.

g. The consummation of the transactions contemplated by this Agreement and compliance with the provisions hereof will not (i) conflict with, accelerate or result in a breach of or default under the terms, conditions or provisions of the articles of incorporation or bylaws of Seller or of any note, debenture, mortgage, loan agreement or other instrument to which Seller is a party, or by which it is bound, except for the Finance Source Security Agreements and for the Arco Lease (as hereinafter defined), or, (ii) to the best knowledge of Seller, violate any provision of law or order of any court or other agency of government directly affecting the Properties and the business being transferred hereunder.

h. Seller has taken all corporate action required by the laws of the State of Illinois and by its articles of incorporation and by-laws in connection with this Agreement and the proposed transactions contemplated hereunder. This Agreement has been duly executed and delivered by, and is the legal and binding obligation of, Seller and is enforceable in accordance with its terms, subject to limitations with respect to enforcement imposed by laws in connection with bankruptcy or other similar proceedings.

i. In addition to being true as of the date of this Agreement, each of the above covenants, warranties and representations shall be true on and as of the Closing Date with the same force and effect as though made on said date. Subject to the provisions of Paragraph 14c below, the warranties and representations contained in this Paragraph 1 shall survive the Closing hereunder.

2. *Representations and Warranties of Buyer.* Buyer represents and warrants to Seller as follows:

a. Buyer is a corporation duly organized, validly existing and in good standing under the laws of the State of Delaware. On the Closing Date, Buyer shall be duly qualified and in good standing as a foreign corporation under the laws of the State of Illinois. Buyer has full right, power and authority to conduct the business of Seller being transferred hereunder, and to operate, own and lease the Properties as and in the places where such Properties will be owned, leased or operated.

b. Buyer's authorized capital stock consists of 5,000 shares of common stock, par value $100.00 per share, and 5,000 shares of preferred stock, par value $100.00 per share. All of the issued shares of such common and preferred stock have been duly authorized and issued and, on the Closing Date, will be fully paid and non-assessable. Without limitation of the foregoing, all contributions to the capital of Buyer, and all loans to be made to Buyer, by Ford Motor Company ("Ford") pursuant to a proposed Leasing Company Development Agreement between Ford and M-B & Associates (the "Development Agreement") in substantially the form and substance of Exhibit E attached hereto, will have been fully funded on the Closing Date. Immediately prior to the transfer of the Properties and business to Buyer from Seller contemplated herein, Buyer will have no liabilities or obligations whatsoever other than (i) pursuant to and in connection with this Agreement, (ii) preincorporation expenses and the costs of incorporation and related expenses, and (iii) obligations to Ford arising out of and in connection with the Development Agreement.

c. The execution of this Agreement and the consummation of the transactions contemplated hereby will not conflict with, result in the breach of, or constitute a default or permit the acceleration of maturity under, the charter or by-laws of Buyer, or of any note, debenture, mortgage, loan agreement, indenture, deed of trust, or other instrument or agreement to which Buyer is a party, or by which it is bound.

d. There are no legal or administrative actions, suits or proceedings of any kind or nature now pending or, to the knowledge of Buyer, threatened in any court or before or by any federal, state or other governmental department or agency which in any manner may adversely affect the power or authority of Buyer to carry out the transactions to be performed by Buyer under and pursuant to this Agreement.

e. Buyer has taken all corporate action required by the laws of the State of Delaware and by its charter and by-laws in connection with this Agreement and the proposed transactions contemplated hereunder. This Agreement has been duly executed and delivered by, and is the legal and binding obligation of Buyer and is enforceable in accordance with its terms, subject to limitations with respect to enforcement imposed by law in connection with bankruptcy or other similar proceedings.

f. In addition to being true as of the date of this Agreement, each of the above covenants, warranties and representations shall be true on and as of the Closing Date with the same force and effect as though made on said date. Subject to the provisions of Paragraph 14 f below, the warranties and representations contained in this Paragraph 2 shall survive the Closing hereunder.

3. *Sale and Purchase.* On the Closing Date, Seller and Buyer agree that the following transactions shall take place:

a. Seller shall (i) cause Budget of America to execute (and Seller agrees to execute) an amendment to the Original Franchise Agreement, which amendment shall be in the form and substance of Exhibit F attached hereto, and (ii) cause Budget of America to issue and execute (and Buyer agrees to execute) in favor of Buyer a franchise agreement in the form and substance of Exhibit G attached hereto (the "New Franchise Agreement"), and (iii) execute a commitment in favor of Buyer with respect to certain rights relating to the future issuance of a license to conduct a truck rental business in Buyer's territory under the New Franchise Agreement and a car and truck rental business in Park Ridge, Illinois on terms and conditions as set forth in the letter agreement attached hereto as Exhibit H.

b. Seller shall sell, transfer, and deliver to Buyer and Buyer shall purchase and acquire from Seller:

i. All tires, gas, oil, grease, body and paint materials and other types of items owned by Seller as listed on Exhibit I attached hereto.

ii. All of Seller's machinery and shop equipment, tools, furniture, signs and office equipment as are described on Exhibit J attached hereto.

iii. All of Seller's right, title and interest in and to the leaseholds and leasehold improvements which are listed in Exhibit J attached hereto.

iv. All of Seller's right, title and interest in and to the leasehold improvements at the O'Hare Airport service facility which are listed in Exhibit K attached hereto.

Without limitation of the foregoing or of any other provisions of this Agreement, it is understood and agreed that except as expressly provided for herein, Seller is not selling to Buyer and Seller has not granted, and does not agree to grant to Buyer, any right, title or interest with respect to any of Seller's assets, business or other properties, including, without limitations, any of Seller's other contracts, agreements, corporate minute books, stock record and transfer books, general ledgers, property ledgers and other similar books and records.

4. *Consideration.* The consideration for the transactions specified in Paragraph 3 above shall be as follows:

a. In consideration for the performance of Seller's obligations pursuant to Paragraphs 3 (a) (i) and (ii) above, Buyer shall pay to Seller the sum of $500,000, payable as set forth in Paragraph 4(a)(i) below, plus additional amounts of consideration payable to the extent and as set forth in Paragraph 4(a)(ii) below:

i. On the Closing Date, Buyer shall deliver to Seller a certified or cashier's check in the amount of $250,000, made payable to the order of Seller. The balance of $250,000 shall be evidenced by an installment promissory note (the "Note") to be executed by Buyer and delivered to Seller at the Closing. Said $250,000 shall be paid to Seller in accordance with the terms and provisions of the Note. Said Note shall be in the form attached hereto as Exhibit L, and shall provide, without limitation, for the payment of said amount in sixty (60) equal monthly installments of principal, plus, with each such installment, interest from the first day of the first month next following the closing on the balance of said sum remaining from time to time unpaid at the rate of one per cent (1%) over prime, as hereinafter determined. For purposes hereof "prime" shall be the prime rate used by Ford Motor Credit Company in determining its interest rate on dealer daily rental vehicles, which prime rate is based on the prime rate charged by five major New York City banks, provided, however, that in any event such interest rate to be paid by Buyer (i.e., at 1% over prime) shall in no event be less than seven percent (7%) nor more than eleven per cent (11%). The interest rate payable to Buyer shall be adjusted on the first of each month based on the most recent prior change in the prime rate used by Ford Motor Credit Company, as aforesaid.

ii. Buyer shall, with respect to each Fiscal Year in the Additional Payment Period, make a payment to Seller in an amount determined by multiplying (x) $360 by

(y) the excess, if any, of the Current Number of Vehicles for such Fiscal Year over the Base Number of Vehicles for such Fiscal Year. One-half of the payment, if any, attributable to each Fiscal Year (except for the last Fiscal Year) during the Additional Payment Period will be paid to Seller promptly after the close of such Fiscal Year, and the balance of such payment deferred and paid (with all of the payment for the last Fiscal Year so paid) to Seller at the end of the Additional Payment Period with interest to be paid to Seller on the deferred portion semiannually during said Additional Payment Period at one per cent (1%) over prime (as determined above). It is expressly understood that once a payment attributable to a Fiscal Year has been determined, such payment shall, subject to the provisions of Paragraph 14(d) below, be unconditionally and irrevocably due to Seller notwithstanding the Current Number of Vehicles for any subsequent Fiscal Year of the Additional Payment Period. For each month during the Additional Payment Period Buyer will provide to Seller copies of its monthly reports covering payments to Budget of America under the New Franchise Agreement. For purposes hereof and as used herein, the following terms shall have the following meanings:

1. "Fiscal Year" shall mean the 12-calendar month period commencing November 1, 1975 and ending October 31, 1976 and each 12 consecutive calendar month period thereafter;
2. "Additional Payment Period" shall mean the first five (5) Fiscal Years;
3. "Base Number of Vehicles" for the Fiscal Year ending October 31, 1976 shall mean 1100, and for each subsequent Fiscal Year shall mean 1100 plus the number of vehicles with respect to which Buyer has, through the close of the preceeding Fiscal Year, become obligated to make a $360 payment pursuant to this Paragraph 4(a)(ii) (without regard to when such payment is in fact required to be made).
4. "Current Number of Vehicles" for any Fiscal Year shall mean (i) the sum of the number of vehicles in Buyer's fleet (or used by Buyer in its business) in each of the 12 calendar months in such Fiscal Year (such number for each month to be determined in the same manner as is required by the New Franchise Agreement for determining the number of cars on which monthly franchise payments are required to be made), (ii) divided by twelve.
